

PEAKWORK FACTS

Peakwork AG, founded in 2009, is the software specialist for the travel industry. With its unique Player Hub Technology®, Peakwork has created a leisure travel network that brings together global supply and demand of travel products.

Leading international tour operators and service providers rely on the Peakwork solutions for dynamic packaging with connectivity to worldwide hotel and flight providers. The flexible and internationally scalable travel distribution solutions are designed to cope with large traffic demands and benefit from the connection to global metasearch partners. Strategic alliances with leading companies like Google and IBM result in pioneering solutions for dynamic travel production, sales and yield management.
